

Physics CASA EXAM

Instructions

- You have 90 minutes to complete the exam.
- Only non-graphing calculators are permitted, or the online calculator provided with the exam.
- A formula sheet (either electronic or paper) should be provided with this exam. If not, ask a proctor immediately.
- Scratch paper should be provided with this exam. If not, ask a proctor immediately.
- For these multiple-choice questions with numerical answers, choose the closest answer (it may not be exact based on rounding).
